Product Designer, Visa

April 2024 – Present

- **Visa Assist** — Designed onboarding for Visa's first client-facing GenAI product from pilot to GA launch: 450K+ clients in 197 countries reached, 40K support cases deflected, \$1.2M saved, 72% satisfaction.
- **Visa Protect** — Designed fraud investigation tool 0-1 from internal tool to monetized product, helping better surface \$73M of unrealized fraud in Argentina as it scaled from 1 to 6 countries.
- **Visa Analytics Platform** — Designed conversational AI assistant 0-1 to reduce time-to-action on 18 core metrics; Led usability study yielding 25+ improvements on response quality and trust across 4 regions.
- **Design Systems** — Defined advanced search filters, now live in Visa Product Design System.

Product Designer, AccesSOS

August 2023 – December 2023

- Redesigned text-to-911 iOS app for Deaf users to get help 30% faster, saving 200+ lives.
- Design solution scaled from 1 county to 83K+ users in 45 states, collaborating with CEO, 1 PM, 1 SWE.
- Created icon library, Figma tutorials, and marketing assets for nonprofit to maintain high design quality.
- Featured by Forbes, Apple, ABC, NBC, SXSW; Funded by Google.org, OpenAI, Harvard, MIT, and more.

Product Design Intern, Visa

May 2022 – August 2023

- **Summer 2023** — Led 2 usability studies for Visa's Digital Commerce App, engaging 200+ participants across 5 countries to deliver prioritized IA and redesign recommendations to the product team.
- **Summer 2022** — Prototyped concept website for Design @ Visa and presented to design leadership.

Product Designer, Invention Corps of Berkeley

August 2021 – May 2022

- **HealthSpark (YC F24)** — Led 0-1 design of MVP telehealth platform and marketing site in 10 weeks with CEO, 5 design consultants, and no engineering support. Accepted to Y Combinator's Fall 2024 batch.
- **Change.org** — Researched 15M+ student activist demographic and prototyped improved campus petition workflows, informing Change.org's new AI petition creator now live.
- **Planned Parenthood** — Shipped data privacy recommendations for Spot On, a period-tracking app.

Education

University of California, Berkeley

B.A. Cognitive Science, Minor in Data Science

Regents' and Chancellor's Scholarship Finalist (Top 2% of class)

Skills

Skills — AI Product Design, Interaction Design, Visual Design, Product Strategy, Design Systems, Prototyping, Usability Testing, Accessible Design, Motion Design
Tools — Figma, Claude Code, Cursor, Replit, UserTesting, Wispr Flow, Midjourney

Honors

1st Place — Adobe & Bumble Designathon 2023

Best Design (1/35 teams) — Develop for Good 2023

Lead Instructor — Introduction to Figma at UC Berkeley

Industry Mentor — Develop for Good
